17. Plagiarism: the practice of taking someone else's work or ideas

Plagiarism checker → copy and then paste your website page content → click check plagiarism.

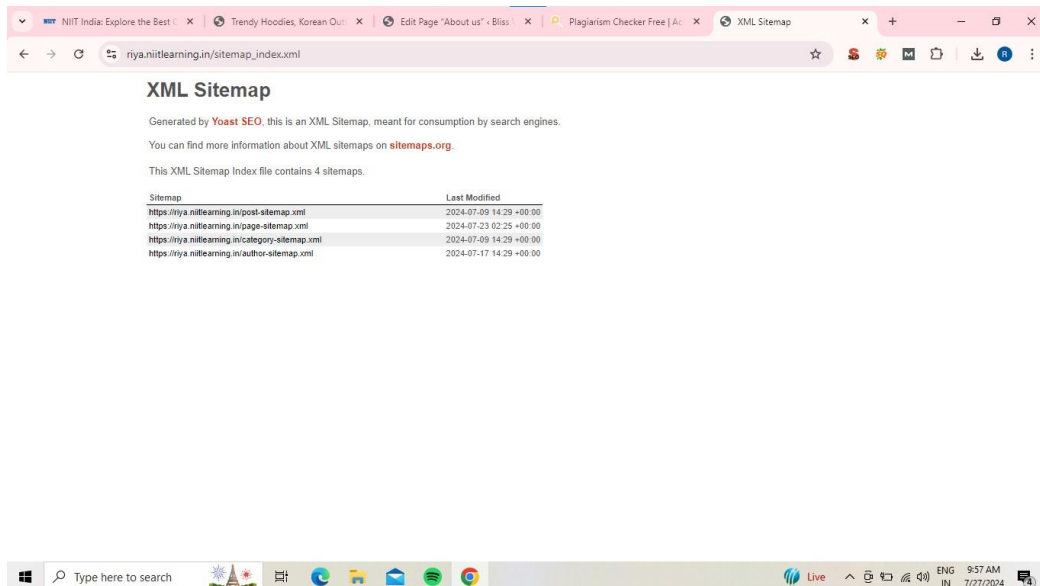

The screenshot shows the 'Plagiarism Detector' website interface. At the top, there's a navigation bar with tabs for 'Check Grammar', 'Make it Unique', and 'AI Detector'. Below this, a sample text is shown: 'Welcome to Bliss Wear, where fashion meets individuality. We believe that your wardrobe should reflect your unique personality and style. Our mission is to offer a curated selection of high-quality, trendy pieces that cater to diverse fashion tastes. Whether you're searching for cozy hoodies, stylish Korean outfits, or aesthetic clothes, Bliss Wear is your ultimate destination for all things fashionable.' The text is analyzed, showing statistics: Characters: 407, Words: 60, Sentences: 3, Speak Time: 1 Min. On the right, a circular progress indicator shows 0% Plagiarized and 100% Unique. Below this, a blue bar indicates 100% uniqueness. A 'View Plagiarized Sources' link is visible. The bottom of the page features a 'GO PRO' button and a 'Privacy - Terms' link.

It will check if your content is copied from somewhere.

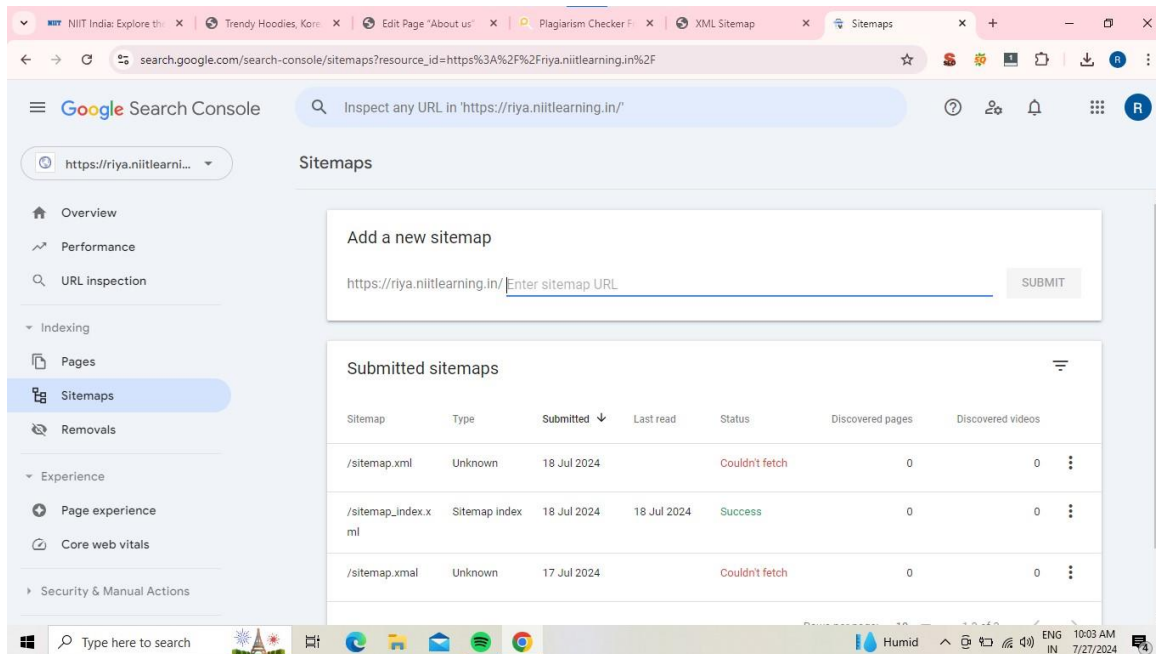

[30% to 40% plagiarism is acceptable but remaining 60% should be the unique one.]

ON PAGE OPTIMIZATION:

18. XML sitemap:

Google search console → enter home page URL → enter → Google search console account → start now → it will display side menus

19. Robot txt pages:

We have to stop those pages to appear which we don't want to display on our website.

If you don't want any unnecessary page to be available or add in Google then you have to follow this following process.

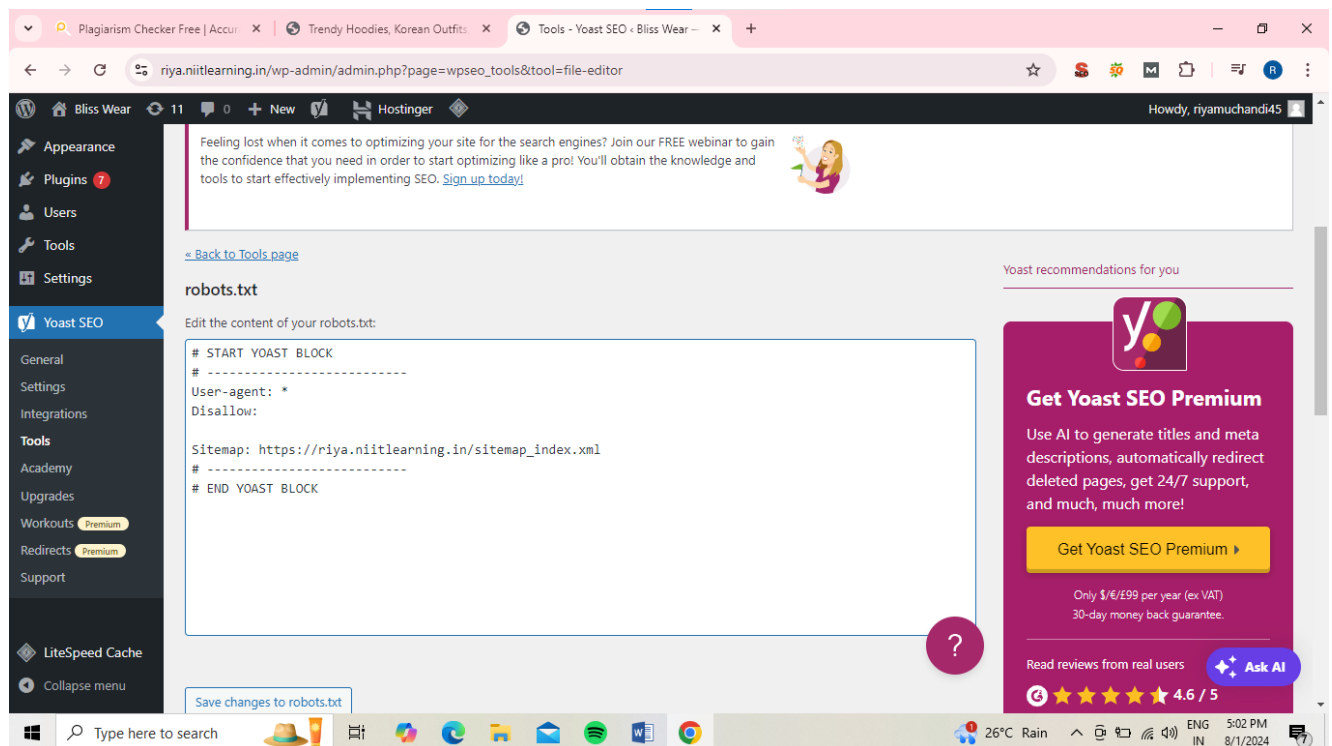

Yoast SEO → setting → tools → file editor → create robot txt file

After disallows: add that page URL which you don't want to display.

For example: Disallow:/wp-admin/

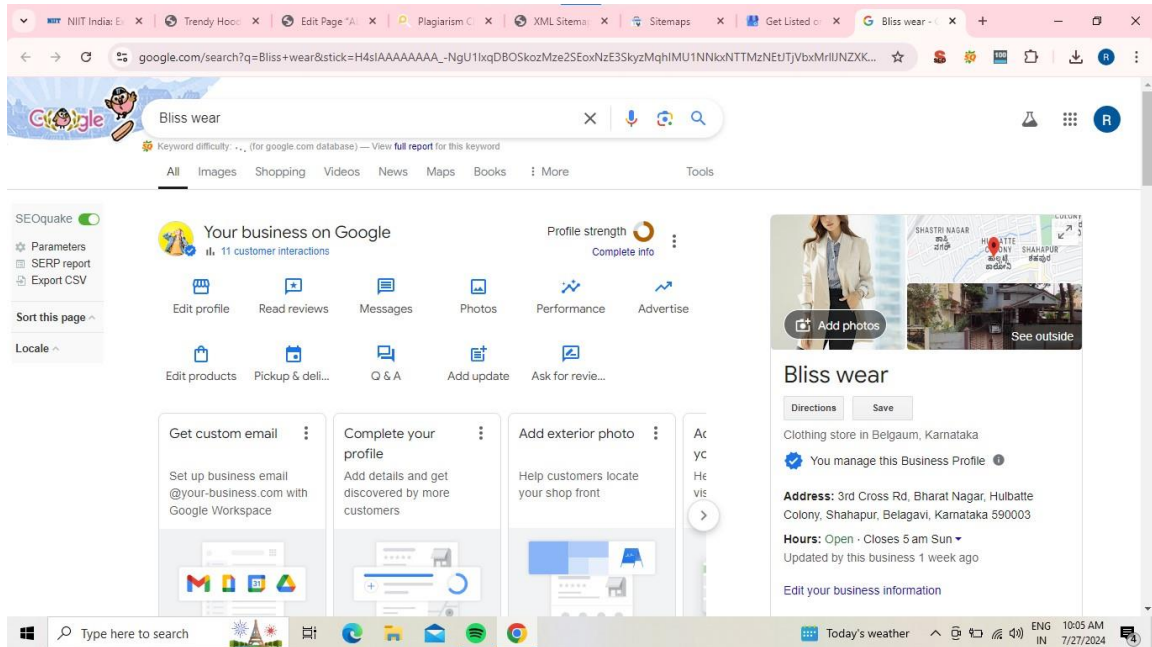

Disallow:/cart/

Disallow:/checkout/

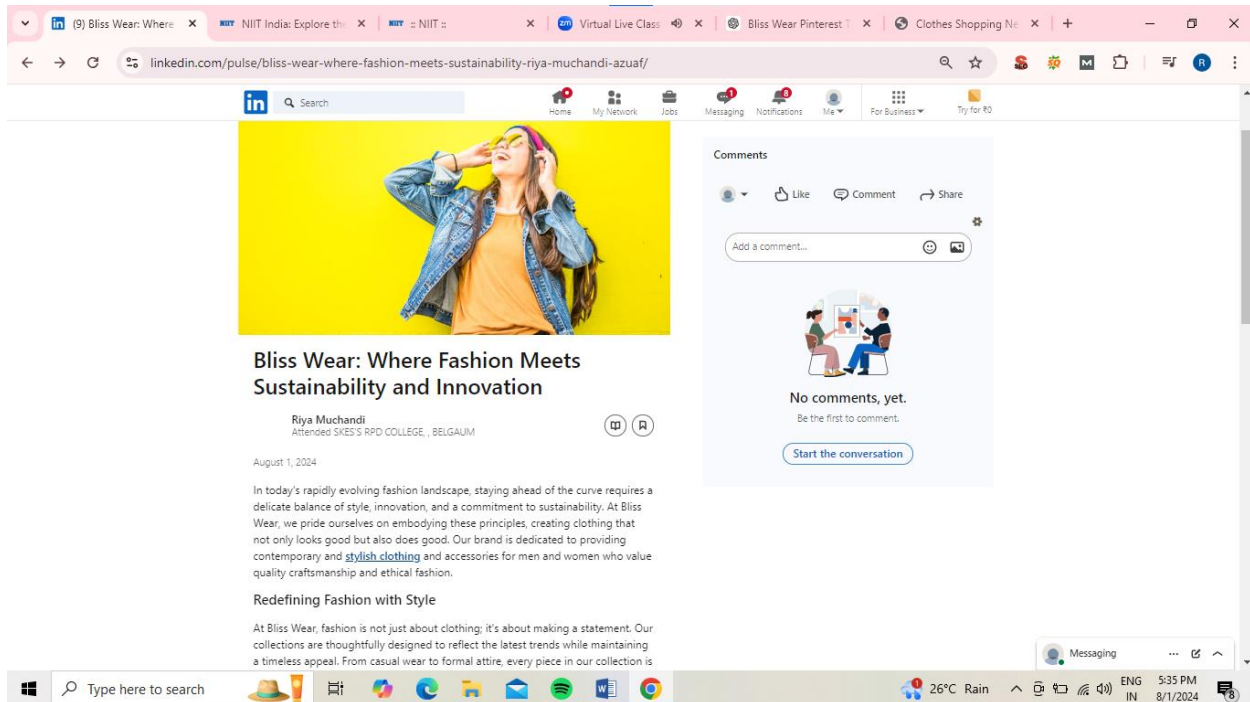

Use off Page Optimization to Improve SEO Ranking

20. Go to Google business profile → sign in with our mail → fill all the information and create our business profile

21. LinkedIn:

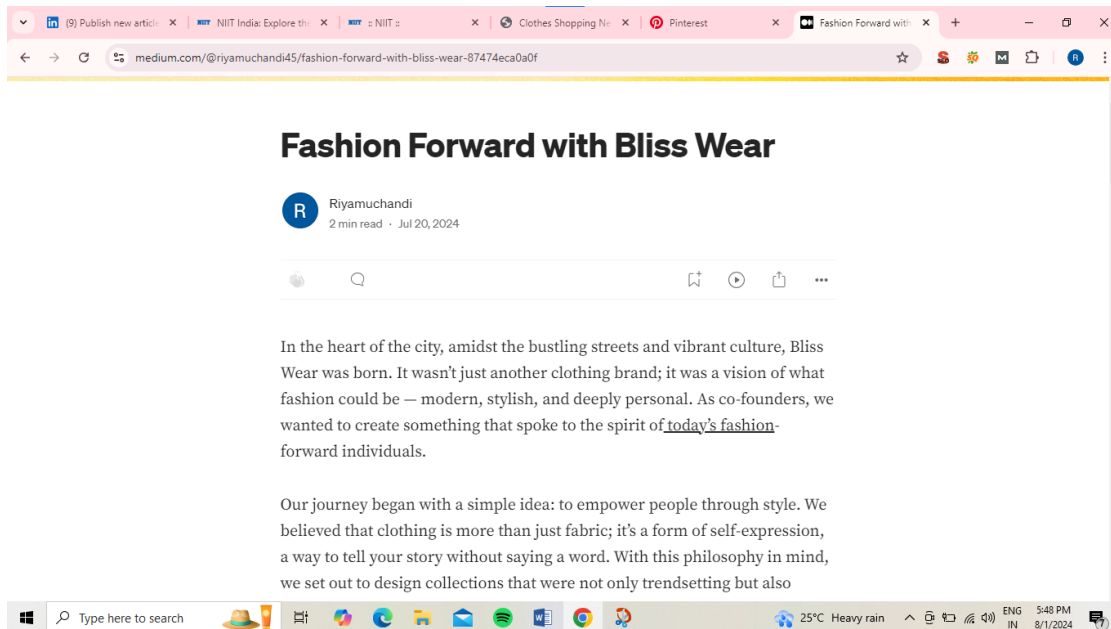

write article → upload image → title → article → highlight the main word which you want to link → copy the page URL of your website (eg: about us) → then paste that link → publish your article

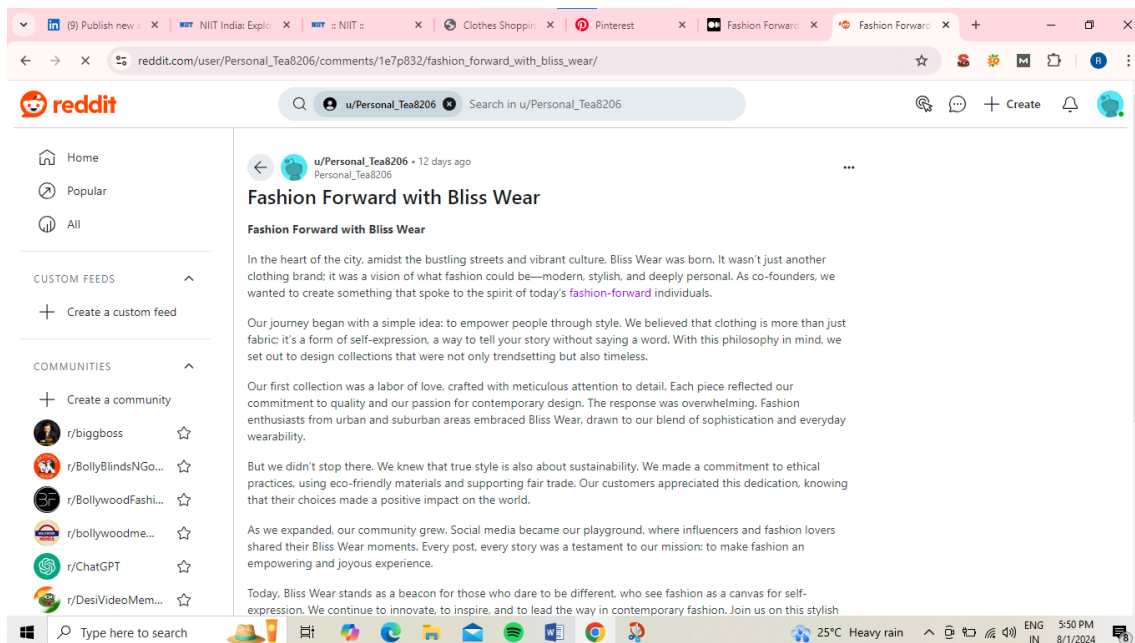

When you click that highlight link then you will directly visit your website page.

22. Medium.com: this is one of the most popular medium.

Open medium.com → write the article → connect your website page link → add that link into specific word → click on it → now it will display your website page.

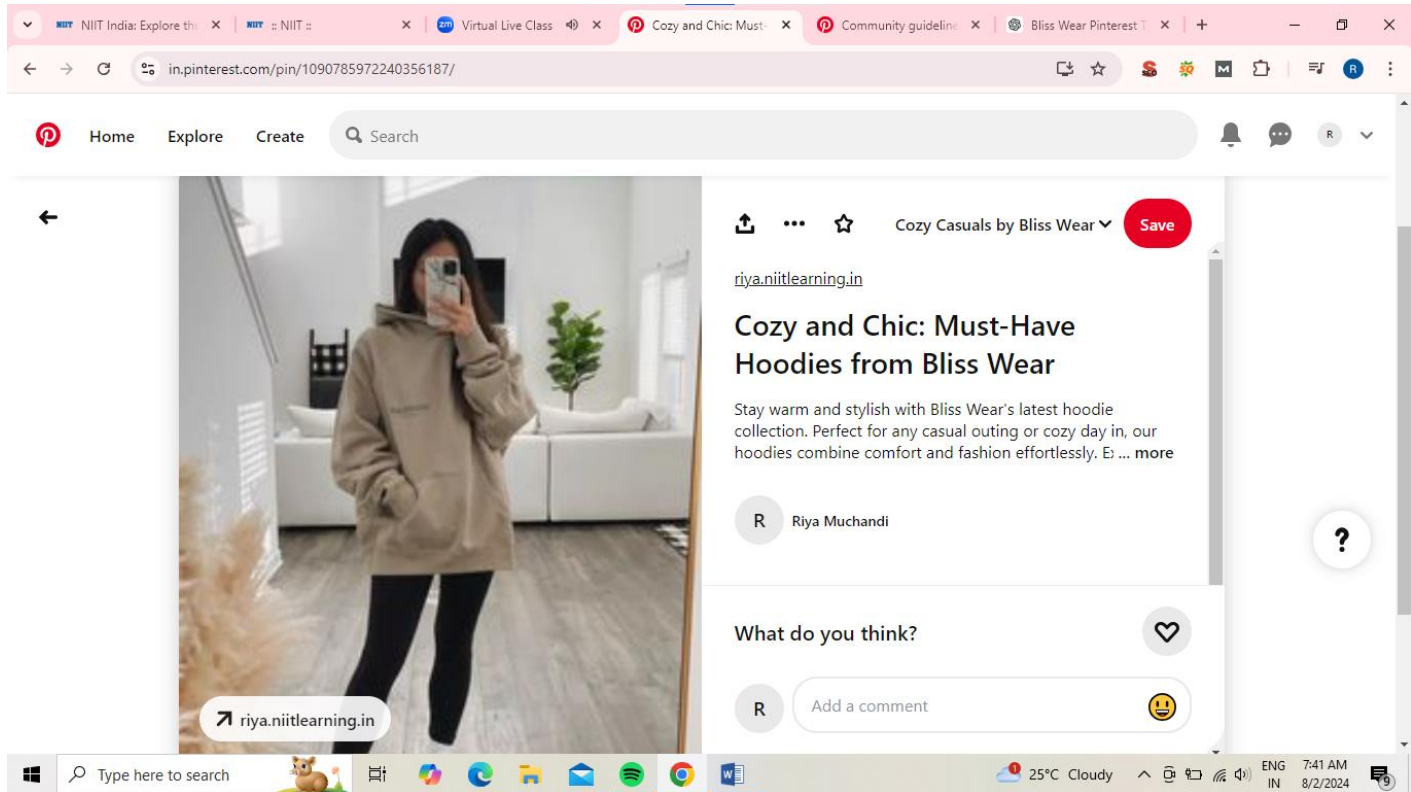

23. Redit.com:

24. Pinterest:

Open Pinterest → create an account → then upload a image related to your website → then description → then add your website link → add one keyword related to your image/website → publish

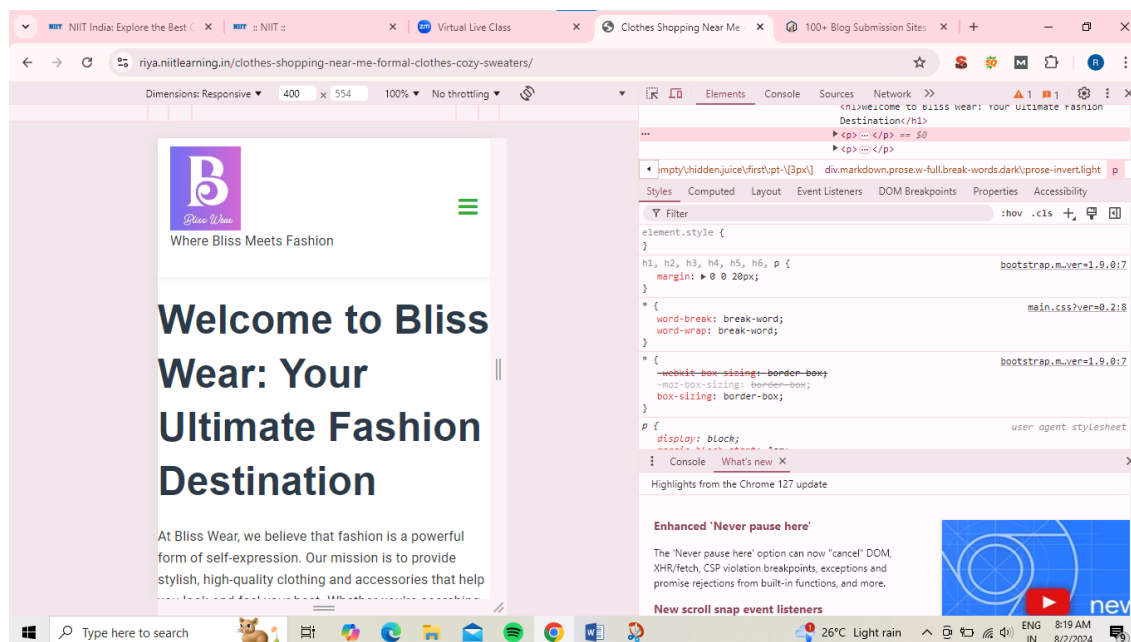

25. In off page SEO there are 2 scenarios:

1. Do follow link: owner of that website will allow passing the authority to our website.
2. No follow link: owner of that website do not allow passing authority to our website.

Now how to check if that link is Do follow or No follow link

Go to that website content → right click on that → inspect → then you can see “rel=no follow”

26. Now there are two chrome extension which we have to add:

Meta in one click: the purpose of this is that it will show all the summary of our website.

Example: title, description, URL, keyword, headings etc.

The screenshot shows a Chrome browser window with the NIIT India website open. The address bar shows 'niit.com/india/'. The website has a blue header with the NIIT logo and a search bar. The main content area features a large heading 'Jumpstart your career with confidence' and a subheading 'Maximize your career prospects with our new age skill enhancement programs, tailored to ensure you're job-ready from day one.' A 'Meta in one click' extension overlay is visible, displaying the following information:

- TITLE** (97 characters): NIIT India: Explore the Best Online Courses in Marketing, Software Engineering, Data Science & AI
- DESCRIPTION** (165 characters): Get the best online courses in digital marketing, software development, data science and AI in India with NIIT. Elevate your skills and career prospects. Enroll now!
- KEYWORDS** (9 values): Leading Corporate Training Company in India, IT, Digital Marketing, Data Analytics, BFSI Courses, it courses, dm courses, finance courses, online courses
- URL**: https://www.niit.com/india/
- CANONICAL**: https://www.niit.com/india/
- ROBOTS TAG**: Robots meta tag is not defined.
- AUTHOR**: Author is missing.
- PUBLISHER**: Publisher is missing.
- LANG**: en

The extension also displays a table of headings and links:

| H1 | H2 | H3 | H4 | H5 | H6 | Images | Links |
|----|----|----|----|----|----|--------|-------|
| 1 | 12 | 8 | 12 | 7 | 17 | 98 | 133 |

The bottom of the screenshot shows the Windows taskbar with various application icons and the system clock displaying 8:27 AM on 8/2/2024.

27. SEO quick:

This SEO quick will tell you if your URL is updated properly or not.

And also if your website content is enough or not.

The screenshot shows a web browser window with the NIIT website (niit.com/india/) open. A SEMrush SEO audit overlay is displayed, showing various metrics for the website. The audit includes a table of backlinks and a list of page parameters.

| Page | Domain | Backlinks |
|------------------------------|---------------------|---------------------------|
| Google cachedate: 2 Aug 2024 | Google index: 8.18K | SEMrush SE Traffic: 9.09K |
| Source | Yahoo index: n/a | SEMrush SE Traffic: 6.90K |
| Pinterest Pin count: 48 | Bing index: 2.19K | Yandex IKS: n/a |
| | Whois | Yandex index: n/a |
| | SEMrush Rank: 190K | Baidu index: . . . |

Below the table, there is a list of page parameters:

- ☒ GenAI
- ☒ Data Science
- ☒ Digital Marketing
- ☒ Software Engineering
- ☒ Banking

A banner at the bottom of the audit overlay states: "Rank your seat at ₹1500".

So the last point is what is SEO audit:

- We have done 4 types of SEO

1. Content optimization SEO
2. Technical optimization SEO
3. HTML optimization SEO
4. Off page and link building SEO

So evaluating this all are happening right or not is called as SEO audit.
